

PARKINSON'S CAFÉ

CAREGIVER SUPPORT NETWORK

Parkinson's Cafe is a peer support group specifically for caregivers of people living with Parkinson's disease.

Facilitated by Parker's I.M.P.A.C.T.S team, we provide information, education, and a resource library especially for your needs.

The Parkinson's Cafe is also an opportunity for you to network with and learn from your peers - caregivers who are experiencing similar issues.

Meetings are held on the last Monday of every month, from 7 to 8:30 pm.

RSVP's are appreciated but not required.
